CAREER OBJECTIVE

Seeking an entry level position to **start** the career where I could utilize my knowledge And training experience for the better growth of firm. A highly organized and hardworking individual looking for a responsible position to gain practical experience.

EDUCATIONAL QUALIFICATION

Degree	Specialization	College	Passed year	Percentage
M.Sc.	Microbiology	JSS ACADEMY OF HIGHER EDUCATION AND RESEARCH, MYSURU	Pursuing Final year	
B.Sc.	Microbiology	JSS ACADEMY OF HIGHER EDUCATION AND RESEARCH, MYSURU	2020	CGPA: 6.36
12 th	PCMB	PMSA HSS CHAPPANANGADI, MALAPPURAM, KERALA	2016	78%
SSLC	General	IRSHADIYYA ENGLISH MEDIUM SCHOOL, KOLATHUR, MALAPPURAM, KERALA	2014	84%

Key skills

Subject expertise:

- Microbiology
- Microbiological Skills
- Medical Microbiology
- Industrial Microbiology
- Food Microbiology
- Genetics
- Statistics
- Bioinformatics

Technical competencies:

- Microsoft office (Word, Excel, Power point)

STRENGTH

- Ability to work stand alone as well as with the team
- Ability to deal with people diplomatically
- Fast learner and good problem-solving ability

ONLINE CERTIFICATION

1. NPTEL Online Certification- Introduction to Research (2022)

Roll No : NPTEL22GE15S13910379

ACADEMIC PROJECT

TITLE:

Production of Red Pigment from *Monascus purpureus* isolation from Paddy soil and used as Bio colorant

- About **the extraction of red pigment**
- Concept of natural coloring
- Basic steps, components, Principles, Important goals of organic farming
- Extraction is done by column chromatography
- Quality control

Takeaway:

The present study of the anti-bacterial color extraction from the *Monascus purpureus* in the paddy field soil. The *Monascus purpureus* showed in red pigment on Sabouraud Dextrose Agar. The red pigment extracted by column chromatography method. The anti-bacterial activity was done by agar-well diffusion method by using red pigment enriched supernatant, it shows high anti-bacterial activity against the test pathogens. This activity based extracted color applicable on sterile cotton. The pigmented cotton showed high inhibition activity was done by disc-diffusion method.

HOBBIES

- Wild life Exploring
- Cricket, Football
- Gym
- Learning human behavior
- Swimming
- Photography

PERSONAL DETAILS:

Languages known: English, Kannada, Hindi, Tamil

Location preferred: Mysuru, Bengaluru

Date of Birth: 17-11-1997
