

CAREER OBJECTIVE

Looking for a challenging career which demands the best of my abilities in terms of technical and analytical skills, and also helps me in broadening and enhancing my current skill and knowledge.

EDUCATION

Degree	Specialization/ Discipline	School/College	Board/ University	Graduation Year	Grade
PG Diploma	Chemical Lab Technology	Central University School of Basic & Applied Sciences	Central University of Tamil Nadu	2021	8.87 CGPA
B.Sc.	Chemistry, Spectroscopy Specialization	TRR Government Degree College, Kandukur	Acharya Nagarjuna University	2020	8.08 CGPA
Diploma	Medical Lab Technology	NK Institute of Medical Technology, Kavali	Andhra Pradesh Para Medical Board	2017	58%
12 th	Maths, Physics, Chemistry	PNCA Juniour College, Singarayakonda	BIE, Andhra Pradesh	2014	72%
10 th	SSC	Zilla Parishad High School, Chakicherla	SSC, Andhra Pradesh	2011	82%

PROJECTS UNDERTAKEN

Project Title: Automated Digital Polarimeter for the Analysis of Specific Rotation of Unknown Organic Compounds

Methodology: The first part of the project involved understanding of an automated digital polarimeter procured from Anton Paar, Austria. In the second part we have utilized the machine to its fullest potential by analyzing the specific rotation of unknown organic compounds with known molecular weights. All the compounds were recorded at 25°C temperature, and they were all turned out to be laevo-rotatory compounds.

Equipment/Technology: Modular Circular Polarimeter (MCP), Anton Paar, Austria

My Learnings: Experimental data collection and comparing results to standardized data tables.

Project Title: Experiment of Instrumentation Technology for Infra-Red Spectroscopy

Methodology: Divided the infra-red radiation source into two beams of equal intensity (double beam). Made it to pass through a reference cell and a sample cell. A Detector calculated the Transmittance Radiation (radiation coming out after absorption). The amount of infra-red radiation transmitted by the reference and sample cells are amplified by the Detector. A Recorder calculated the ratio of amplified radiation signals for reference and sample cells.

Equipment/Technology: Double beam spectroscopy

My Learnings: Planning for experimental setup, infra-red samples preparation, comparison of experimental results.

TECHNICAL SKILLS

Operating Systems : Windows
Productivity Software : Microsoft Office (Word, Excel and PowerPoint)

PERSONAL STRENGTHS

- Problem solving
- Interpersonal relationships
- Ability to adapt to challenging situations and environments

PERSONAL DETAILS

- Father's Name : Veeraiah Orupalli
- Date of Birth : 08 Mar 1996
- Sex : Male
- Marital Status : Single
- Languages known : English, Telugu and Hindi
- Nationality : Indian

HOBBIES & INTERESTS

- Playing cricket
- Watching science fiction movies

DECLARATION

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned details.

(Ravindra Orupalli)
