Hyderabad

CAREER OBJECTIVE

Oriented professional experience in quality control for more than 6 months. Interested to contribute towards the discovery and development of new ideas and technologies in the field of research. Aiming to leverage my abilities to successfully fill the QC/QA Chemist role.

EXPERIENCE

QC CHEMIST INTERN, Vadodara

Axalta coating systems, December 2021-Present

- Provided support in Microsoft Excel programming and SAP Version HANA EP1 to my supervisor and manager
- Raw material testing and packing material testing, as per inspection plan
- Panel application in accordance with the customer's request and the inspection plan. Painted panel film testing for DFT, adhesion, gloss, DOI, etc.
- QC equipment Calibration and its daily maintenance.
- Conducted quality control tests.
- Evaluated laboratory safety procedures to ensure compliance with standards and to make improvements as needed.

EDUCATION

MSC IN POLYMER CHEMISTRY, Jalgaon, MAHARASHTRA

KBC. North Maharashtra University, August 2021

BSC IN CHEMISTRY, Nandurbar, MAHARASHTRA

G. T. Patil College, August 2019

SKILLS

Knowledgeable In Chemistry

Lab Equipment Calibration

Issue Resolution

Stability Sampling

Maintaining Clean Work Areas

Random Sampling

Preparing Compounds And Reagents

Quality Assurance And Control

Lab Equipment Maintenance

CERTIFICATIONS

- Successfully completed MSCIT – MKCL Course (2014) 85%
- Successfully passed chemistry ability test (CAT).
